

Winn-Marion Product Lines & Automation Service

ABB TOTALFLOW

Single source for all natural gas measurement & automation needs.

- Natural Gas BTU Measurement
- Oil Field Level Measurement
- Pressure/Temp Transmitters
- Flow Measurement (Coriolis, Electro-Magnetic, Ultrasonic, Swirl, DP/Wedge)
- Oil/Gas Production Enhancement
- Oil/Gas Well Production Automation
- Natural Gas Flow Measurement (EFM) Systems

ABB PROCESS ANALYTICS

Providing real-time analysis of a process sample or stream.

- Process Gas Chromatographs
- Process Mass Spectrometers
- Physical Property Analyzers
- Process/Laboratory FTIR Analyzers
- Reid Vapor Pressure
- Applications in Refining, Pipeline, & Rail Transport

AMERICAN SENSOR TECHNOLOGIES

MEMS pressure sensors, pressure transducers & pressure transmitters.

- Position Sensing
- Pressure Sensors & Switches
- "Krystal Bond" Tech Pressure Sensors
- 1-5V, 4-20mA, mV
- Class 1, Div 1 & 2 Locations

BRIGHT AUTOMATION

Advanced control technology, intelligently applied.

- Wireless Load Cell
- Wireless & Stand-Alone Inverters
- Rod Pump & VSD Controller
- Wireless Inclinometer

CONSPEC CONTROLS

Providing solutions for gas detection applications.

- Combustible Gas Monitors
- Multi-gas Monitors
- Flame Detectors

FREEWAVE

The most diverse family of high-performance & durable radios.

- Spectrum Radios
- High Throughput/Ethernet Radios
- Licensed Frequency Radios
- I/O Series Radios

HABONIM

Leading manufacturer of ball valves and pneumatic actuators.

- Ball Valves
- High Pressure Valves
- 3-Piece Valves
- Flanged Valves

METSO JAMESBURY

Automated on-off & tight shut-off rotary valves; network-ready capable.

- Ball & Butterfly Valves
- Special Service Valves
- Manual & Actuated Valves
- Flanged Ball Valves

METSO NELES

Rotary control, automated on-off valve solutions & intelligence devices.

- Electric & Pneumatic Actuation
- Segmented Plug Control Valves
- Rotary Plug Control Valves
- Positioners

METSO STONEL

Valve communication and control.

- Axiom AN, AX, AMI
- Linear Point Sensors
- Proximity Sensors
- Explosion-proof On/Off Monitoring

METSO VALVCON

Rugged, reliable actuators built for hard work.

- Network Capable Electric Actuator
- Economical Reversing Electric Actuator
- Continuous Duty Electric Actuator
- Electronic Spring-Return Electric Actuator
- Oil & Gas Field Electric Actuator
- Powered Electric Actuator

PARKER - PGI - PHOENIX PRECISION

Total product capability for the process, power & gas industries.

- Instrument Valves & Manifolds
- Liquid & Gas Sampling Systems
- Sample Probes & Cylinders
- Heated Sample Enclosures

RED RIVER INSTRUMENT

Red River Instrument, Inc.
(RJ Machine Co., Inc. also available)

High quality orifice plates for the natural gas industry.

- Notched Nitrile Seals
- Universal & Paddle Plates
- Orifice Plates
- Circular Polished Paddles

SOLUTIONS WITH INNOVATION

Design & manufacturer of fluid routing control equipment.

- Sensors & Switches
- Transmitters
- Indicators

SPIRIT IT

Innovative solutions, sustainable measurement & control systems.

- Flow-X Flow Computers
- eXlerate Supervisory Software
- Flow-Xpert Calculations
- SmartCen

TURNKEY SOLUTIONS

WM Automation Service, LLC (WMAS) provides measurement, control and production enhancement turnkey solutions. Utilizing industry-leading hardware and a highly-skilled workforce, WMAS helps our customers accomplish their automation projects quickly and efficiently.

Industry Leader in Oil & Gas Field Service

Years of experience, factory-trained, and safety-certified, WMAS technicians and account managers assist our customers in choosing the correct hardware and other details – properly selected to fit the application – every time.

LEADING TECHNOLOGY

At the heart of many of our automation projects are leading manufacturers we represent. These products ensure years of reliable service.

APPLICATIONS

We can help you find the right solution for your automation project. Our services include but are not limited to:

SERVICES

- Natural Gas Measurement & Control
- Coriolis Oil & Gas Measurement
- Production Automation & Enhancement
- Tank Level Measurement
- Radio Communications
- Liquids Flow Measurement
- H2S Measurement & Shut-in
- Calibration & Troubleshooting of EFM Equipment
- Trace Oxygen Measurement & Shut-in
- SCADA
- Custom Human Machine Interfaces

INDUSTRIES

Our 100+ Automation Technicians have assisted with scheduled shut-downs, short-handed intervals and stop gaps in several industries, including:

- Oil & Gas Field Automation
- Power Plants
- Mining
- Water & Wastewater
- Food Processing/Brewing
- ...and more
