

ABB CONTROL SYSTEMS

Control and safety for your process & power automation needs.

- Freelance Hybrid Control Systems
- Process Automation Systems
- Distributed Control Systems (DCS)
- Programmable Logic Controls (PLC)

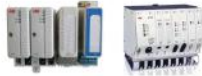

ABB INSTRUMENTATION

FOUNDATION Fieldbus, PROFIBUS & HART enabled instrumentation.

- Actuators & Positioners
- Controllers & Flow Measurement
- Coriolis Meters & Mag Meters
- Pressure/Temperature Transmitters

ABB K-TEK

State-of-the-art level instrumentation for liquid & bulk solids.

- Pressure & Temperature Switches
- Specialty Level Instruments
- Vibrating Fork Level Switches
- Magnetic Level Switches

ABB PROCESS ANALYTICS

Providing real-time analysis of a process sample or stream.

- Process Gas Chromatographs
- Process Mass Spectrometers
- Physical Property Analyzers
- Process/Laboratory FTIR Analyzers

ABB FLOW-X SPIRIT IT

Innovative solutions, sustainable measurement & control.

- Flow-X Flow Computers
- eXlerate Supervisory Software

ABB UPSTREAM OIL & GAS TOTALFLOW

Single source for all measurement & automation needs.

- Natural Gas BTU Measurement
- Oilfield Level Measurement
- Oil/Gas Production Enhancement
- Oil/Gas Well Production Automation

ADVANCED INSTRUMENTS, INC.

Worldwide supplier of oxygen sensors & oxygen analyzers.

- Trace H2S Analyzers
- Trace & Percent Oxygen Analyzers
- Sampling Systems
- Class I, Div 1 & 2 Locations

AMERICAN SENSOR TECHNOLOGIES

MEMS pressure sensors, transducers, & transmitters

- Position Sensing
- Pressure Sensors & Switches
- 1-5V, 4-20mA, mV
- Class I, Div 1 & 2 Locations

BRIGHT AUTOMATION

Advanced control technology, intelligently applied.

- Wireless Load Cell
- Wireless & Stand-alone Inverters
- Rod Pump & VSD Controller
- Wireless Inclinometer

CAMBIUM NETWORKS

Wireless Connectivity Solutions

- PMP 450i Access Point
- PMP 450i 900 MHz SM & AP

MULTITECH

Develops and manufactures data communications equipment for the industrial IoT

- Certified, carrier-approved modems, routers, and gateways to enable IoT and M2M applications on wired, cellular, and LoRa networks.

Red River Instrument, Inc.

RED RIVER INSTRUMENT, INC.

High quality orifice plates for the natural gas industry.

- Notched Nitrile Seals • Universal & Paddle Plates
- Orifice Plates • Circular Polished Paddles

DELTA INDUSTRIAL VALVES

American made, superior quality knife gate valves.

- Knife Gate Valves • Hydraulic, Pneumatic, Electric
- Severe Service Knife • Actuation

DYNA-FLO CONTROL VALVES

FISHER, reconditioned or new valves & valve parts.

- Control & Globe Style Control Valves
- Segmented Ball Control Valves • Actuators/Positioners
- Pressure & Level Controllers

FOSSIL POWER SYSTEMS

World class leader in control solutions & instrumentation.

- Boiler Drum Level • Feedwater Heater Level
- Color Bi-Color Water Level • Single Probe Alarm Modules

FLOWSERVE

Flow control products for the world's most critical applications.

- Quarter-turn Ball Valves • Severe Service Ball Valves
- Gate Valves • High Performance Butterfly Valves

FREEWAVE

FREEWAVE TECHNOLOGIES

The most diverse family of high-performance & durable radios.

- Spectrum Radios
- High Throughput/Ethernet Radios
- Licensed Frequency Radios
- I/O Series RadioLink

HABONIM

Leading manufacturer of ball valves & pneumatic actuators.

- 3-Piece Valves
- Flanged Valves
- Ball Valves
- High Pressure Valves

MICHELL INSTRUMENTS

The dew-point, humidity, & oxygen specialists.

- Process Analyzers
- Calibration Instruments
- Oxygen & H2S Analyzers
- Dew Point & Relative Humidity

PHYMETRIX

Innovative products for Trace Moisture Measurement.

- Sampling Systems
- Explosion-Proof Moisture Analyzer

POWER BLANKET

Delivering a barrier of uniform directional heat.

- Custom-fitted Instrument & Industrial Blankets
- Insulated Tank Heaters

METSO JAMESBURY

Automated on/off & tight shut-off rotary valves; network-ready.

- Ball, Flanged & Butterfly Valves
- Special Service Valves
- Manual & Actuated Valves
- Flanged Ball Valves

METSO NELES

Rotary control, automated on/off valve solutions.

- Electric & Pneumatic Actuation
- Segmented Plug Control Valves
- Rotary Plug Control Valves
- Positioners

PARKER - PGI

Total product capability for process, power & gas industries.

- Instrument Valves & Manifolds
- Liquid & Gas Sampling Systems
- Sample Probes & Cylinders
- Heated Sample Enclosures

THERMO-COUPLE PRODUCTS

Leader in the manufacturing of temperature sensors.

- Protection Tubes • Turbine RTDs • Temperature Detectors

TLV

World authority in steam engineering products & services.

- Pressure Regulators • Pumps, Pump & Steam Traps
- Vacuum Steam Heating & Cooling

WEIR

Highly engineered products for minerals, oil/gas, & power.

- Knife Gate Valves
- Pinch Valves
- Check Valves
- Linatex Liners

WIKA

Electrical temperature measurement.

- Sensors
- Thermowells
- Multipoint Sensors
- Tube Skins

WOODWARD

Energy control systems & solutions built for performance.

- Diesel & Gas Engine Controls
- Actuators & Governors
- Generator & Switchgear Controls
- Mechanical Governor Repair

CYCLONIC VALVE

More than just a valve. Every valve is an Engineered Solution.

- Combi Ball, Check, Choke Valves
- Flange & Weld End Ball Valves
- Dual Disc Control Valves
- Pressure Reducing Valves

1748 West 1760 South, Roosevelt, Utah 84066

SERVICE

WM Automation Service, LLC

Turnkey Automation - Oil & Gas Wellheads • Tank Batteries Separators • Multi-Well Pad Plunger Lift Control

Communications - Spread Spectrum & Licensed Frequency • Radio Systems • Network Design • Radio Path Studies • Ethernet Radios • Satellite

Troubleshooting - Gas Measurement • SCADA • Radio Communications • Automation Systems

Calibrations - Gas Sampling • Flow Calibrations

Industrial Control Electricians - Certified ABB VFD Start-up • Field Electrical Installations • Heat Trace

Analyzers - Gas Chromatographs • Continuous Gas Analyzers

BTU Analyzers • pH, Silica, Conductivity • Trace Oxygen • H₂S

Heat Tracing Instruments - Steam • Electric • Pre-Insulated Tubing Bundles

Transmitters - Differential Pressure • Gauge • Absolute Fully Welded Remote Seals • Multivariable • SIL 2 & SIL 3

Flow Meters - Coriolis • Magnetic Flow Meters • Precision DP Flow

Controllers - Single Loop Controllers • DCS • PLC • RTU

Recorders - Circular Chart • Videographic • Strip Chart

Valves - On/Off • Control Valves

Governors - Mechanical & Electric • Catalysts & Air Fuel Ratio

SALES

Winn-Marion Barber, LLC

Plant Control Systems - Human Machine Interface (HMI) Design & Integration • Protection System Design • Remote I/O • PLC • DCS

Field Service

Training

Engine Control - Emissions Control • Speed Control • Protection Systems • Mechanical Governor Upgrades

Turbine Control - Speed Control • Load Control • Protection Systems Steam • Valve Actuation • Mechanical Governor Upgrades

Generator Control - Start/Stop Sequencing • Load Control • Remote Monitoring • Protection Systems

Turnkey Design, Installation and Commissioning of All

CONTROLS
